## MILLENNIUM CHALLENGE ACCOUNT NAMIBIA GENERAL PROCUREMENT NOTICE 3 FOR THE PERIOD 1 NOVEMBER 2009 TO 30 APRIL 2010

The Millennium Challenge Corporation's (MCC) Board of Directors has approved a five-year, US\$304.5 million Compact with the Republic of Namibia aimed at reducing poverty and increasing economic growth. The Compact seeks to improve the quality of education and training for underserved populations and to diversify Namibia's export base by capitalizing on its comparative advantages (e.g., large areas of semiarid communal land suitable for livestock, and diverse wildlife and unique landscapes ideal for ecotourism) to increase the incomes of poor Namibians in rural areas of the country.

Millennium Challenge Account – Namibia (MCA-Namibia), on behalf of the Government of Namibia, intends to apply a portion of the proceeds of the Compact to eligible payments for the procurement of goods, works, non-consulting and consulting services. Payments by MCA–Namibia will be subject, in all respects, to the terms and conditions, including restrictions, on the use of MCC Funding of the Compact. No party other than the Government and MCA–Namibia shall derive any rights from the Compact or have any claim to the proceeds of the MCC Funding.

The following list includes the procurements of goods, works, non-consultant and consulting services which appear in the Program's Procurement Plan, as approved by MCA-Namibia and MCC, for the period from November 1, 2009 to April 30, 2010.
